

## Volunteer With Us

Make a positive difference by supporting life changing programs at the Canadian Centre for Men and Families. Contact [info@menandfamilies.org](mailto:info@menandfamilies.org)

## Start a New Program at the Centre

Have an idea for a group or service you would like to run that would improve the lives of boys, men, fathers and their families? Start a new program at the Centre today!

### Providing a hub for the needs of boys and men...

*"I've lived with anxiety and loneliness most of my life, yet I was told men didn't ask for help. The counselling and peer support group at the Centre gave me an opportunity to open up in an environment geared to men."*

*"I haven't seen my children for four years since my marriage ended. The Centre's legal assistance clinic helped me fight for my kids."*

*"For over a decade I lived with a violent and abusive partner. I had trouble finding help because I'm a man. For the first time I now have hope and a path to a better life."*

## Vision

No one's invincible. It's time *he* has a place for him and the people in his life. The Canadian Centre for Men and Families will catalyze a fundamental change in society's attitude towards boys and men. We will confront that which impedes men from getting help and work with the community to respond to unmet needs. We will create a better future for our sons and daughters through mutual understanding, compassion & support.

## Mission

The Canadian Centre for Men and Families is the first facility of its kind in Toronto. We're an open, inclusive and safe space serving as a hub for services, workshops, research, advocacy, outreach and public education all focused on the health and well-being of boys, men, fathers and families.

## Programs & Services

The Canadian Centre for Men & Families provides a broad range of programs: counselling, peer support, mindfulness meditation, legal assistance, fathering, employment consultation, discussion groups, lectures and mentorship. Programs are free unless stated otherwise. We welcome everyone.

### Therapy & Counselling

We cover a range of individual and family issues, including depression, anxiety, relationship problems, separation/divorce, social isolation, self-esteem, abuse and trauma.

### Men's Peer Support Group

A safe space for fathers, boys and men of all ages to discuss difficulties or hardships. Issues might include family break-up, loss of a loved one or employment challenges. The program will combine emotional support with practical information and resources.

### Legal Assistance Clinic & Resource Centre

Our clinic helps men overcome legal problems that disproportionately affect males and addresses areas where men may be subject to discrimination: family, criminal, human rights and employment law. Our lawyers provide resources, tools and info in group and individual settings.

### Mindfulness Meditation

Workshops in breathing, relaxation and awareness. We explore focus and inner stillness, while teaching men how to develop themselves physically, emotionally and mentally. Join us to experience the everyday in a new way. Introductory and practice sessions offered.

### Employment Resource Consultation

Resumé critique and building, interview preparation and general unemployment supportive assistance. We'll identify barriers to employment faced by men and assist through education, awareness and goal setting.

### Men, Masculinity, Gender Discussion Group

A men's health and men's issues discussion group focused on gender equality. Topics include masculinity in the media, men's health services, the criminal justice system, violence, custody, fathering and family issues.

### Fathering After Separation or Divorce

Expand your parenting strategies and strengthen relationships with your children post-separation or divorce. Learn communication, conflict resolution and problem solving skills.

### Men's Issues Monthly Lecture Series

Special guest speakers address a broad range of topics related to men and gender. All talks followed by an open and vibrant discussion.

The Canadian Centre for Men & Families is brought to you by the Canadian Association for Equality, an educational charity working toward gender equality through events, campus outreach, research, public policy, blogs and multimedia productions. CAFE seeks to advance solutions to the breadth of men's issues: men's health, suicide, family law, parental alienation, legal bias, workplace safety, violence against men, misandry, and the declining achievement of boys in our schools.

*"This promises to be an organization that will have tremendous impact on the lives of boys and men..."*

*Be part of making this work."*

- Dr. Miles Groth, Founding Editor, New Male Studies Journal
